THE CHURCH

For many people Church is a building. But in the New Testament Church is all about people. Church is not a place we go to but something we are called to be. In this series, we will be exploring what it means to belong to this living organism, which can be for us the body of Christ in a very real way.

We understand that Jesus is the foundation upon which we build the Church, but what does it take to build the Church? What kind of community is it we are establishing? What difference does Church membership make in our lives? What does it mean for each of us to belong to the body of Christ? These are some of questions we will be addressing together as we consider our common life in the church.

But God's idea of the Church extends further still.

The church does not exist simply for the benefit of its members. As the body of Christ the Church is commissioned to continue his ministry here on earth (John 20: 21). It is God's intention that when people encounter the Church they should encounter Jesus. Hence our Holy Apostles purpose statement: 'To know Jesus and to make Jesus known'.
